... personalized care

"Becca was very calm and collected during my labor and delivery which made the experience so much easier. At a very painful and stressful time, her calm demeanor was much appreciated." - A grateful patient

For Becca MacArthur, every shift at the Family Birth Place holds the opportunity of creating a family. Becca believes each family deserves the best delivery experience, and she is there to assure they receive it. This means making sure every newborn gets a safe and healthy start and every mother gets the care and support she needs.

Becca says, "I get to help bring new life into the world! The birthing experience is so incredible, and I feel very fortunate to be a part of it. The best part of my job is giving parents a break at night, when I get to hold the babies."
