

Extraordinary People

... personalized care

Diana Sperry, PT
Pediatric Physical Therapist

Diana loves kids. It's fun, it's creative and it's deeply rewarding to help children overcome challenges to reach their maximum potential.

Her smallest patients are newborns in our Special Care Nursery. She works with infants through elementary-age kids at "The Little House" designed especially for children. In summer, Diana is at Humble Ranch Education & Therapy Center, where horses and the ranch setting enhance therapy sessions.

Diana says, "I'm blessed to work with an outstanding team of therapists, amazingly trusting kids and supportive families. We help our kids do the best they can with what they have, so they can enjoy family activities, playing with friends and a feeling of success."
