

Extraordinary People

... personalized care

Laura loves working closely with residents to help them continue to enjoy current interests and discover new ones. The ultimate goal is for residents to maintain and improve function and independence.

How does the Community Life team help residents to live with enjoyment and purpose? Planning and providing simple daily pleasures, spontaneity, meaningful activities and special events are key.

Laura says, "I love most to see the spark in our residents and to help bring back some of their leisure interests. I also enjoy nurturing intergenerational relationships with GrandKids. It's a privilege to work with a great team, striving to provide the best home for all the residents living here."
