

Extraordinary People

Raeann Cook Stearns, CNA III
Doak Walker Care Center
Certified Nurse Aide

... personalized care

Raeann can still recall the sense of love and respect she felt, as a child of 10, toward her grandfather. Now she extends that same feeling to a much larger "family."

For the past 30 years, Raeann has been caring for elders. Her mission is to bring out the best in people by taking time to get to know them, understand their communication style and anticipate their needs.

Raeann says, "I feel very blessed every day at the Doak that I work with such a great team of professionals who truly care. It isn't like work. I love listening to the residents and helping them grow in a safe, comfortable environment where they feel needed and wanted."
