

# Extraordinary People

... personalized care

**George Detwiler, RN**  
*Special Care Nursery Nurse*

*Affectionately known as “Papa George” by his patients and their families, George has a true gift in caring for our youngest and sometimes most vulnerable patients, our Special Care Nursery newborns.*

*His gentle spirit and compassionate care make George a favorite nurse in the Family Birth Place.*

*George says, “It is a privilege to be a member of the committed, compassionate team of professionals at the Family Birth Place, ensuring that our ‘little miracles’ will have a healthy start with their families. My job satisfaction, rewards and blessings come from watching our babies grow up right here in the Yampa Valley.”*
