

Extraordinary People

... personalized care

Whether traveling abroad with the U.S. Ski team, performing a bike fit or helping someone bend their knee for the first time after a joint replacement, Jen enjoys teaching people how to take charge of their health.

Jen says, "Physical therapy is about giving people the tools to heal. The energy at SportsMed is fun and social, which in itself can be therapeutic.

"I feel privileged to be part of a team that assists, encourages and empowers people to find their own inner athlete. Regaining the ability to walk your dog or play with your kids can be just as important as winning a gold medal."

Jen Kerr, DPT
SportsMed Physical Therapist
