

# Extraordinary People

... personalized care

*"Jennie, there's no way to express our deep appreciation for all you did for us while we were at Yampa Valley Medical Center. You were the light of our days." – A grateful family*

*As a nurse in Steamboat Springs since 1995, Jennie has found that knowledge has the power to calm fears. That's why she takes the time to empathetically and clearly explain what her patients can expect in emergency care, surgery and recovery.*

*Jennie says, "We want our patients to be positive and in charge of how they feel. I love the work I do. I love this community and am very proud of what we do here at this hospital. It's a wonderful place to come to work every day."*
